

WILLIAMS | BURKE

My office is located on the **5th floor of 201 Riverplace**. The parking garage is located underneath the building and is accessed off River Street. Below are pictures that will assist you in locating the parking garage.

Once you enter the parking garage, you should immediately look for a parking space as you will take the second available elevator (located on the riverside of the parking garage) to the plaza level. The elevator to look for is green and identified as Elevator 2B.

Once you enter the elevator, press PL. This elevator will bring you to the plaza level of the complex. Exit the elevator and walk across the covered exterior corridor to enter 201 Riverplace. Below is a picture of the covered exterior corridor you will cross. Once you enter the building, you will make an immediate right turn to access the building elevators.

You do not need to bring your parking pass. We will provide you with a parking validation pass.

201 Riverplace, Suite 501 | Greenville, SC 29601
